

RESKOOL FADE Assessment Framework

Complete Grading System & Implementation Guide

ASSESSMENT STRUCTURE

FADE9 (9th Grade Discovery Assessment)

Purpose: Identify student strengths, weaknesses, interests, and optimal learning paths **Duration:** 3 hours
Price: ≤ \$50 USD

Pre-FADE10/11/12 (Grade-Specific Preparation Assessments)

Purpose: Prepare students for their respective FADE exams and refine understanding of abilities **Duration:** 1.5 hours each **Price:** ≤ \$6 USD each

SUBJECT AREAS & WEIGHTINGS

Core Subjects (Mandatory for All Students)

- **Mathematics** - 15%
- **English Language** - 15%
- **Science** (Physics, Chemistry, Biology) - 15%

Elective Subject Clusters (Students choose 3-4 based on interests)

- **Arts & Design** (Visual Arts, Music, Digital Design) - 10%
 - **Humanities** (History, Philosophy, Literature) - 10%
 - **Business & Economics** (Entrepreneurship, Finance, Marketing) - 10%
 - **Social Sciences** (Psychology, Sociology, Anthropology) - 10%
 - **Computer Science** (Programming, Data Analysis, AI Literacy) - 10%
 - **World Languages** (Arabic, French, Spanish, Mandarin) - 10%
 - **Environmental Studies** (Sustainability, Climate Science, Ecology) - 10%
 - **Media & Communication** (Journalism, Digital Media, Public Speaking) - 10%
 - **Health & Physical Education** (Nutrition, Fitness, Mental Health) - 10%
-

SKILLS ASSESSMENT FRAMEWORK

Cognitive Skills (25% of Total Score)

Analytical Thinking

- Problem decomposition and systematic analysis
- Data interpretation and pattern recognition
- Logical reasoning and inference making
- Score: 1-100 scale

Creative Thinking

- Originality and innovation in problem-solving
- Divergent thinking capabilities
- Artistic and imaginative expression
- Score: 1-100 scale

Critical Thinking

- Argument evaluation and bias detection
- Evidence-based reasoning
- Perspective-taking and synthesis
- Score: 1-100 scale

Social & Emotional Skills (20% of Total Score)

Communication

- Written and verbal expression clarity
- Active listening and comprehension
- Cross-cultural communication
- Score: 1-100 scale

Leadership & Collaboration

- Team dynamics and cooperation
- Influence and motivation abilities
- Conflict resolution skills
- Score: 1-100 scale

Emotional Intelligence

- Self-awareness and regulation
- Empathy and social awareness
- Relationship management

- Score: 1-100 scale

Practical Skills (15% of Total Score)

Research & Analysis

- Information gathering and validation
- Data analysis and interpretation
- Research methodology understanding
- Score: 1-100 scale

Digital Literacy

- Technology proficiency
- Digital citizenship and ethics
- Online learning capabilities
- Score: 1-100 scale

Adaptability

- Learning agility and flexibility
 - Change management
 - Resilience and persistence
 - Score: 1-100 scale
-

SCORING METHODOLOGY

Individual Subject Scores

- **Raw Score:** 0-100 points per subject
- **Percentile Ranking:** Student's position relative to all test-takers
- **Proficiency Level:**
 - Expert (90-100): Exceptional mastery
 - Advanced (80-89): Strong competency
 - Proficient (70-79): Solid understanding
 - Developing (60-69): Basic knowledge
 - Beginning (0-59): Needs support

Skills Profile Generation

- **Top 5 Strengths:** Highest-scoring skills with percentile rankings

- **Growth Areas:** Bottom 3 skills with improvement recommendations
- **Learning Style Identification:** Visual, Auditory, Kinesthetic, Reading/Writing preference
- **Multiple Intelligence Profile:** Based on Gardner's theory (Linguistic, Mathematical, Spatial, Musical, Bodily-Kinesthetic, Interpersonal, Intrapersonal, Naturalistic)

Comprehensive FADE Score

Overall FADE Index: Weighted composite score (0-1000 scale)

- Core Subjects: 45% (Mathematics 15% + English 15% + Science 15%)
 - Elective Subjects: 30% (Best 3 subjects from chosen clusters)
 - Skills Assessment: 25% (All measured skills weighted equally)
-

CUSTOMIZATION ALGORITHM

Pre-Assessment Integration

- **FADE9 Results** inform Pre-FADE10 focus areas
- **Pre-FADE10 Results** customize FADE10 subject selection and difficulty
- **Adaptive Questioning:** AI-driven question selection based on previous responses

Personalized Learning Paths

STEM Track: Enhanced Mathematics, Science, Computer Science weighting **Creative Track:** Increased Arts, Design, Media weighting

Humanities Track: Higher Literature, History, Philosophy emphasis **Business Track:** Economics, Entrepreneurship, Communication focus **Global Track:** Languages, Social Sciences, Cultural Studies priority

Custom Track: Student-designed combination with counselor approval

REPORTING & FEEDBACK SYSTEM

Student Report Components

1. **Executive Summary:** One-page overview of strengths and recommendations
2. **Subject Performance Analysis:** Detailed breakdown with improvement suggestions
3. **Skills Profile:** Visual representation of cognitive, social, and practical abilities
4. **Career Pathway Recommendations:** Data-driven suggestions based on results
5. **Next Steps Action Plan:** Specific courses, activities, and resources to pursue

School & Parent Dashboard

- **Class Performance Analytics:** Aggregate data while maintaining privacy
 - **Individual Student Progress Tracking:** Longitudinal development over time
 - **Resource Recommendations:** Targeted support materials and interventions
 - **College & Career Readiness Indicators:** Predictive metrics for post-secondary success
-

QUALITY ASSURANCE & ETHICS

Test Security Measures

- **Question Pool Rotation:** 5,000+ questions per subject area
- **Anti-Cheating Technology:** AI-powered monitoring and detection
- **Multiple Test Versions:** Randomized question and answer arrangements
- **Time-Limited Sections:** Prevents extensive external consultation

Fairness & Accessibility Standards

- **Cultural Bias Review:** Regular content analysis by diverse expert panels
- **Accommodation Options:** Extended time, screen readers, alternative formats
- **Language Support:** Bilingual options and translation assistance
- **Socioeconomic Consideration:** Free vouchers for qualifying students

Data Privacy & Security

- **GDPR Compliance:** Full data protection and right to deletion
 - **Encrypted Storage:** Military-grade security for all student information
 - **Limited Access:** Role-based permissions for educators and administrators
 - **Transparency:** Clear communication about data usage and sharing
-

IMPLEMENTATION TIMELINE

Phase 1: FADE9 Launch (Months 1-6)

- Pilot testing with 100 students in Fes
- Content validation and scoring calibration
- Technology platform development and testing
- Initial teacher and counselor training

Phase 2: Pre-FADE10 & FADE10 (Months 7-12)

- Expand to 500 students across Morocco
- Refine algorithms based on FADE9 data
- Partnership development with international schools
- Multilingual content creation

Phase 3: Full System Rollout (Year 2)

- Launch Pre-FADE11, FADE11, Pre-FADE12, and final FADE
 - International expansion to 5 countries
 - Advanced analytics and AI integration
 - University partnership agreements for recognition
-

SUCCESS METRICS & ACCOUNTABILITY

Student Outcome Indicators

- **Academic Performance:** Correlation between FADE scores and subsequent grades
- **College Readiness:** Acceptance rates and post-secondary success
- **Career Alignment:** Match between predicted and actual career paths
- **Skill Development:** Growth measurements over time
- **Student Satisfaction:** Feedback surveys and engagement metrics

Organizational Commitments

- **Response Time:** All inquiries answered within 6 months maximum
 - **Implementation Speed:** New initiatives launched within 1 year
 - **Transparency:** Annual impact reports published publicly
 - **Continuous Improvement:** Quarterly system updates based on feedback
 - **Global Access:** Expansion to 20 countries within 5 years
-
